INJURED HER KNEE Mildred Wells Collides With Player in Basketball Game.

Miss Mildred Wells, a student at the State Normal school, is confined to her home with an injured knee, the result of an accident during the Susquehanna and Windham High girls' basketball game. Miss Wells played center and in a collision with her opponent was thrown to the floor. She pluckily finished the game, although in main. On examination by a dector it pain. On examination by a doctor it was found that a bone was dislocated and two ligaments torn. She is now suffering from water on the knee and will not be able to get out before some time in April, and will be unable to basketball again this season. This handicap the team greatly, as Wells always stars in any game in which she plays.

SALOONS OF WILLIMANTIC Was the Subject of Rev. W. O. Nuzum's Address Sunday Evening at the Methodist Church.

There was a good attendance at the Methodist church Sunday evening. The pastor, Rev. W. O. Nuzum, spoke on The Saloons of Williamtic. Mr. Nuzum has made a personal study of the saloons of this city, visiting them, and has seen conditions as they really are. He said in part: Man is the only animal in the world

Man is the only animal in the world who is real ten story fool, the only animal who willfully and constantly will go to his destruction. No other animal will do it. Yet generation after generation of men follow the same course in the same way under the same circumstances to the same destruction. Alexander the Great was only 32 years old when he was conqueror of the world, but he became a victim of drink and died prematurely. Robert Burns died poor and forsakes only 32 years old when he was conqueror of the world, but he became a victim of drink and died prematurely. Robert Burns died poor and forsakes because of drink. Byron wandered an exile all over the world because of drink.

All the became a factor of the B. Y. P. U. at their home for a musical entertainment Friday evening. Joseph C. Larocque of Woonsocket was a visitor with friends in Danielson over Sunday.

We are living in a land that is the most enlightened, the most temperate, most wonderful land, the greatest nation, the last 50 years living in the greatest age the world has ever known. They used to test a nation by its armies; better wring their necks than have that kind of a test. The best way to test a nation is not by its corn or cotton. A nation's greatness is its mechanical genius. America is its mechanical genius. America is the greatest industrial nation on earth. Mechanical genius will harness nature, will raise more crops, bring more luxuries and larger education. These are the tests of greatness. We produce more of the world's needs than any other nation. In the last 50 years two-thirds of the great discoveries have been made in the United States. What's the matter with England to-development. There are something like 25 saloons in this city. The proprietors are near-ly all foreigners. Most of the bartenders were American young men. They are men who will not drink themselves. The Drug, Caffeine, In Coffee Is A **Habit-Forming Agent**

Bulletin 393, U.S. Department of Agriculture, entitled "Habit-Forming Agents," referring to caffeine and other ingredients used in the manufacture of certain soft drinks, headache mixtures, etc.,

"Until recently it was claimed by some that these agents were harmless and did not belong to the habitforming group. Later investigations, however, clearly show that this position is unwarranted."

The average cup of coffee contains about 21/2 grains of caffeine. Mothers give it to their children and wives give it to their husbands—unconscious of the harm coffee does to health

When the nerves cry out, or indigestion, biliousness, headache or heart flutter begin to trouble, it's time to look to the cause.

An easy, sure way out of coffee troubles is to quit the coffee, and use

POSTUM

-the pure cereal food-drink.

There are two forms of Postum. The original Postum Cereal must be boiled; Instant Postum is quickly soluble in hot water, more convenient to prepare, and has the same rich flavour as the original Postum. Some prefer one form, some the other; both are free from the habit-forming drug, caffeine, or any other harmful substance, and the cost per cup is about the same.
